"THE MIDNIGHT FIRE"

The Winston Troupe Entertains a Big Audience At the Academy.

Last night a large audience attended the successful presentation of "The Midnight Fire" by the Winston Hook and Ladder Dramatic Club, under the excellent supervision of Messrs. Bertram & Willard. Greensboro people have a most kindly feeling for the Winston "fire boys," and the Academy was packed to its limit when the curtain rose.

The cast was very good throughout, the leading players being excellently fitted to their parts, and the performance was successfully and creditably pulled off.

The ladies, Misses Amanda Lemly, Annie Martin, Lottie Miller and Georgie Whitaker, were graceful and easy in their parts. All of them are unusually handsome girls, and aroused a wave of admiration which centered about Miss Georgie Whitaker. She is a brunette of lovely face and form and pleasing accomplishments, and has all the prepossessing qualities that are generally found in the finest actress.

One excellent feature of the acting was the love-proposal scene between Mr. Bassett Willard, as Major Blunt, and Miss Amanda Lemly, as Jessie Clark. Miss Lemly is quite a pretty and intelligent artiste.

The specialties were splendid. Miss Whitaker's fantastic dancing was well enjoyed; and the singing of Mr. Carl Harris and Mr. Brooks Bynum was excellent. Mr. Bynum has a deep, baritone voice of remarkable range and sweetness. Miss Medora Smith, of Philadelphia, brought down the house by an excellent vocal selection. And the songs of little Master Willie Crocker, of this city, were very agreeably received by the audience.

Excellent music was furnished upon piano and violin by the Misses Crocker, of this city, and Miss Gunn, of Winston.

A DELIGHTFUL SOCIAL.

Tendered by Mr. and Mrs J. W. Weatherly to Their Visitors.

An enjoyable social was given at the home of Mr. and Mrs. J. W. Weatherly on Keogh street last night complimentary to Miss Blanch and Mr. Clarence Roseboro, of Cleveland, N. C. After a short while spent in social conversation and games, the young people spent the remainder of the evening dancing. Music was furnished by Miss Mamie Jordan, of High Point. For the most graceful waltzing Miss Georgie Klutts, of Salisbury, took the prize—and there were a number of graceful waltzers in attendance. The evening was most pleasantly spent throughout and the occasion will not soon be forgotten by those who were present.

Tennis Champions.

The final game of the tennis tournament for the championship of the state in doubles was played yesterday afternoon at Blandwood, Messrs Donnell and Miller were the victors, winning both sets—6;2, 7;5. Their opponents were Messrs. H. W. Smith and L. G. Wharton. Besides winning the championship of the state, Messrs. Donnell and Miller win each a handsome "pim" raquet. They put up a pretty game, their net work being perfect. The number of spectators present was larger than at any game of the tournament.

Last Scenes on the Avenue.

A very large crowd assembled on Summit avenue to witness the closing events of the tournament at 4:30 yesterday afternoon.

There were six entries for the foot race and Kornegay, of Goldsboro, won easily in 10¼.

The Greensboro Steamer Company gave an exhibition hose wagon race. The fine old black leaped along the track, the men did good work, and water showed in 43 seconds, thus beating the time made by the prize winners.

Fire Engine Turns Over.

While the Winston fire engine, which was in the tournament contest here, was being unloaded from a flat car in that city this morning one of the slides broke and the engine fell to the ground on one side. A. A. Dean, one of the firemen, who was assisting in unloading the apparatus, had a finger mashed off. The engine was not badly damaged.

Tried to Break Jail.

Jailer Rees discovered this afternoon that several of his black birds who were confined in the cell on second floor, had been making an attempt to escape and had so far progressed as to tear off one or two pieces of plank and one piece of iron from the floor of their cell. This is the second attempt at jail delivery that Jailor Rees has frustrated since his term began. Some of the negroes were today removed to another cell. But for the fact that the dark cell is absolutely without ventillation they would have been confined in that, but in such weather as this one would soon smother in that young hades. This being the case no punishment will be meted out to the offending persons.

UNSURPASSED MAGNIFICENCE

THE DUKE OF WESTMINSTER'S

Palace, And the Duke Is the Richest Man In England, Falls Far Short Of Vanderbilt's.

Special to THE TELEGRAM.

Washington, August 5—The democratic ticket nominated by the Baltimore convention is regarded as a strong one. Even republicans from the state admit that the ticket possesses exceptional strength, and will make a strong showing at the polls next November. All three of the candidates are gold men, but as Maryland is admittedly a gold state this fact will prove a strength to the ticket, rather than otherwise. As the nominees, however, supported Bryan at the last election, and the discussion of national issues is by common consent to be ignored by the democrats, and the campaign is to be fought out on purely state issues, the silver democrats will fall in line and support the ticket heartily. It is admitted that the platform adopted is not satisfactory in its entirety to the loyal supporters of Col. Bryan, and the failure of the democracy to criticise or point out any defects, or errors in the management of state affairs during the administration of Governor Lowndes, will be the one source of weakness to the party this year.

W. R. Miller, of Baltimore, a democrat who was in the city the other day predicts the election of the ticket by a substantial majority, and most of the other Maryland democrats here seem confident that the majority will be fully equal to that given in years gone by, when the normal majority ranged from fifteen to twenty thousand.

Republicans from the state claim that there are indications of a factional fight in Howard county, claiming that two hundred voters will be lost by the failure of the convention to nominate Warfield for governor, but the manner in which Warfield came to the support of Smith in the convention will be sufficient to bring his adherents into line for the ticket, and no doubt is felt but Howard county, the home county of Senator Gorman, will be solid for the ticket in November.

Mr. Rodney Swope, of Biltmore, North Carolina, who holds a responsible position on the estate of Mr. Vanderbilt, is in the city on his way home from a visit to England and the continent, where he went for the purpose of studying and investigating the famous castles of the old world with that of the magnificent palace near Asheville. Mr. Swope says that he searched in vain for a residence, even among the nobility of England, that will compare with the residence of Mr. Vanderbilt. Among other places he visited was the famous palace of the Duke of Westminster, who is said to be the richest man in England. Mr. Swope says that he was much disappointed in going through the palace to find that it does not begin to compare with the Biltmore estate. He says that that it is the same way in other things, that in America a private citizen travels in railway cars far more luxuriant than do the crowned heads of Europe. Some of the finest houses in London, he says, do not contain even bath tubs, and that this country in the matter of modern improvements is fully a century ahead of England or any European country.

North Carolina people are now convinced that French will not be postmaster at Wilmington. It is said, however, that Chadbourne will be removed, and that Senator Pritchard will be allowed to name his successor. In view of the protests by Wilmington people against French, it is thought Senator Pritchard will consent to the appointment of some other less obnoxious republican for postmaster.

Among prominent men in Washington yesterday was Mr. W. G. Conrad, accompanied by his wife and daughters. Mr. Conrad is a leading democratic politician of Montana, and was a candidate for the United States senate, but was defeated by Senator-elect Clark. He was formerly a resident of Virginia, having been born in the old Dominion. He still owns the family home in Virginia, and it is his custom to pay a visit annually to the old state.

Large crowds visited the Bush meeting at Purcellville, Virginia, from Washington. During the meetings special trains were run from Washington over the Southern Railway. Many of those who went took baskets with them, and went picnicking in the woods about Purcellville.

It is announced by the civil service commission that an examination for clerks and carriers of the Lynchburg, Va., postoffice will be held at Lynchburg September 2. It is said that there will be several vacancies to fill.

Postmasters have been commissioned in North Carolina as follows:

William H. Califor, Argo; Martha J. Belk, Cleone; Cyrus A. McRorie, Raywood.

Mr. John R. Miller and wife, of Charlotte, are at the St. James Hotel. They are accompanied by Miss S. E. Williams, also of Charlotte.

Among other North Carolina people in Washington are Lewis C. Long, Rocky Mount; Charles N. Jacobs, Sapphire, and Mrs. S. G. Lewis, of Wilmington.

Count Vinci Compares Notes.

Washington, August 4—Count Vinci, the Italian charge, called at the state department today to compare notes with Acting Secretary Adee respecting the inquiry into the killing of the five Italians at Tallulah, La. The governor has stated that the grand jury of the parish in which Tullulah is situated will meet next week, and it is expected that the killing will be taken up by that body immediately, if the district attorney finds the report of the sheriff sufficient to make out a prima facie case against the parties implicated.

Count Vinci has not yet received the report of Marquis Romano, who was sent to Louisiana to make a personal inquiry into the lynchings, but the marquis has sent a brief dispatch saying that he has completed his inquiry at Vicksburg, near the scene of the lynching, and has secured convincing proof that the five victims were Italian citizens. Beyond securing information on the facts, neither government has thus far taken any action, except in the expression of sincere regret over the affair by the United States, and a return assurance by Italy that every confidence was felt that this country would employ all possible means required by the case.

South's Iron and Steel Industry.

The Tribune will tomorrow print the following: "It is expected that a combination will be effected by the more important coal and interests in the south, including the Tennessee Coal, Iron and Railroad Company, the Sloss Iron and the Virginia Steel companies, with others of less importance.

"Such a combination would control the iron and steel industry in the south, and to a large extent control the exports of pig iron and billets to Europe and South America. It would be of a magnitude rivaling recent northern combinations of steel and iron interests."

A Large Heron.

Brooks Beall, of Proximity, was this morning exhibiting on the streets of the city, a large blue heron which he shot early this morning at Proximity pond. The bird measured 5 feet 3 inches from tip of bill to tip of toe and exactly 6 feet across, with wings stretched. The heron had been sean around the pond for a week. He seemed to have been very easily killed as only three shots could be found in his body, though Mr. Beall was 65 yards away.

This is the largest heron ever killed in these parts.

SOME REFLECTIONS.

Gala week is over. So is the firemen's tournament, which was a part of gala week. The industrial feature of the week was a splendid succes. The exhibits in the Banner Warehouse were creditable, and the place was thronged from the time it was opened until the exhibits were all removed last night. Everybody who took part in it did his part well. Competent judges say the display has never been surpassed in the state. However this may be, thousands viewed it and expressed great admiration and satisfaction. It is certain that the city will be benefited by the showing made.

We regret exceedingly that we cannot say as much for the firemen's tournament part of the program. We want to be perfectly understood on this point. The association body is composed, in the main, of a gentlemanly set of men, men who have respect for decency. Its officers are men who have the good of the association at heart, and who at all times try to keep the association on a high plane, where it belongs. In their efforts to do this they are backed by all members who have a sufficient conception of the attributes of a gentleman to enable them to be such at all times, even under the sting of disappointment and defeat.

But we want to say that in all our experience we have never seen, and hope never to see again, such unblushing disregard for decency, such a vicious display of temper, such reckless defiance of law and order and such shameless use of profane language on the track during the tournament by some of the boys from Newbern and Goldsboro. We were disposed to let these things pass unnoticed, thinking the boys would regret it and feel bad enough about it after they had had ample "cooling time," but when the train bearing the eastern teams pulled out this morning the car in which they rode bore this inscription: "We've been robbed." At each window men were stationed with rocks in their hands defying any one to attempt to pull the sign off.

Greensboro went to work in good faith to give the brave firemen of the state a good time, the mayor of the city turned the city over to the visitors believing them all to be men who would not abuse the courtesy thus extended, and we are rewarded by vulgar and insulting language on the streets and in the presence of ladies, and as a parting shot we are accused of being robbers.

Please note again that this does not apply to the association, but to men who burden it with their membership President McNeil did all that any man could do to control the kickers, but all to no purpose. Other officers wanted to be excused from duty on the ground that they could not stand to be insulted. One eastern man went away boasting that he "treated the grand stand to a professional and artistic piece of cussing."

Every man has a right and is entitled to it. He has a right to demand what is right, but no man has a right to parade his accomplishments as a blackguard and profane swearer before the ladies of a community. There the line should be drawn and all who cannot keep their foul mouths curbed in the presence of ladies should be expelled from the association.

As an exchange suggests, the round robin of the Manila correspondents did not seem square to President McKinley. In the overwhelming fullness of his contempt for the newsgatherers or disconcertion at their bold protest, he was struck with word failure, and has maintained a very loud silence ever since.

The best proof that the yellow fever at Hampton was not caught from contact with the New York Journal, is that the disease among the old soldiers is of a mild type.

An ably written editorial signed E Pluribus Unum, appeared in the Raleigh Post in regard to the improvement of the Beaufort harbor, especially the building of break waters at Cape Lookout forming a safe harbor for coastwise vessels. If this is practicable we hope the Post will push it along. North Carolina unfortunately has few good harbors on her coast.

It is known and read of all men that anything with a strain of Spanish in it, can't fight. While there may be an underestimation of the scrapping ability of the Mexican soldiers in the dispatch of yesterday stating that forty thousand of them would be required to conquer those five thousand Yaqui Indians, it is a case in point.

There seem to be some very extensive shadows of doubt and difficulty hanging about the proposed pulling down of the great Chinese wall by the Chicago engineers. In order to be assured of success they should secure the assistance of Engineer McKinley. His experience gained in pulling down Alger would be invaluable.

Its fearfully hot in Paris. A celluloid factory over there caught fire from the intense heat yesterday. We always knew that the "Gay City" was a warm number, but never dreamed that its proximity to the infernal regions was so alarming as this.

The marine hospital service appears to be handling the fever at Hampton with great skill, so far.

NEW YORK SILVER DEMOCRATS.

Conference to Be Held to Head Off Opposition Inside the Party.

Albany, August 4—Secretary Cantwell, of the executive committee of the state Chicago platform democrats, says that Calvin E. Keach is not chairman of the Chicago platform democrats, having resigned at Syracuse last year.

As proof that he is authorized to call the proposed conference of Chicago platform democrats at Syracuse Wednesday, Cantwell is today distributing invitations to the conference. These are signed by over two-score prominent silver democrats. The proposed conference will perfect arrangements for proper organization of Chicago platform democrats for the coming national convention.

Mr. Cantwell, in his call for the conference, declares that an organized effort is being made to send a delegation hostile to the Chicago platform to the next national convention. He says the purpose is to create dissensions in the ranks of the party and bring about the defeat of the democratic candidates in the next presidential election. He warns democrats to be on guard.

WHERE IS THE COMMISSION?

Non-Arrival of Samoan Commissioners Causes Comment.

Washington, August 4—The non-arrival of the Samoan commission is beginning to attract comment in official quarters, as it is thought some new complication may have arisen in Samoa, to keep the commission there. The last report was that the party would leave Apia on July 18, and if this had been carried out, the commission would have been due in San Francisco before the present time. Baron Sternberg, the German commissioner, wrote under date of July 14, that he expected to sail in a day or two, and Mr. Trip sent similar notification to the state department. As the bulk of the natives was disarmed, there is little prospect that they could create serious disorder, yet in case of renewed troubles between the factions, it is believed that the commission would wait until quiet had been restored.

WAR ON MORMONISM.

Mob Tore a Church Down and Chopped it to Pieces.

Louisville, Ky., August 4—Elder Figgins, a Mormon, now in Fleming county, has writen to southern headquarters in Chattanooga, giving details of the outrage reported yesterday. A Mormon church has been built and insurance policies were secured to cover loss by fire. To prevent the congregation securing insurance money to rebuild, the mob, instead of burning the church, tore the building down and chopped it into pieces. A Mormon follower, attempting to discover the outlaws, was shot and seriously wounded.

A telegram from Chattanooga says: The president of the Southern Mission stated today that this is the eighth Mormon church destroyed in Kentucky this year. He said he would request the governor to take steps to protect Mormons.

Hamilton Clarke, of Chauncy, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Howard Gardner.

Dewey Hastens Away.

London, August 4—The Berlin correspondent of the Standard says: "It is reported that Admiral Dewey left Trieste earlier than he originally intended, and mainly because he did not meet with such a good reception as he had expected. The Kolnische Zeitung thinks that Austria's relations with Spain and the Hazleton incident may have contributed to this.

All weak places in your system effectually closed against disease by DeWitt's Little Early Risers. They cleanse the bowels, promptly cure chronic constipation, regulate the liver, and fill you with new life and vigor. Small, pleasant, sure; never gripe. Howard Gardner.

Guzzler—"By Jove! you've got nerve; asking old Gotrox for his daughter's hand! How'd you come out?" Dedbroke—"Head first, I think."

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion"—James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

Is it Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

"No," said the foxy fly; "I don't take much this fly paper, but several of my friends are dead stuck on it."

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

It's a good idea for the fellow who wants to find out just where he stands to board a crowded trolly.

Irritating stings, bites, scratches, wounds and cuts soothed and healed by DeWitt's Witch Hazel Salve—a sure and safe application for tortured flesh. Beware of counterfeits. Howard Gardner.

In this life a man doesn't require any snap if he's got a snap.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

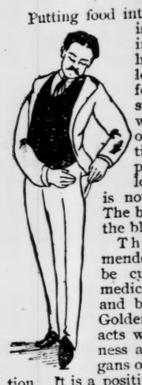
Putting food into a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition, the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weakened and the blood impoverished.



The pocket can be mended. The stomach can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

Substitutions are imitations. Imitation money is worthless. So are imitations of Dr. Pierce's "Discovery." Get the genuine.

Mr. John L. Coughenour, of Glensavage, Somerset Co., Pa., writes: "I had been doctoring for about a year and a half, being unable to work most of the time. The doctor said I had heart disease and indigestion. My appetite was unusually poor, I was weak and nervous, and my heart kept throbbing continually, and I was short of breath. Finally I wrote to you for advice. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Free. Doctor Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-bound edition, or 31 stamps for the cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.

No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A message to Garcia," by Elbert Hubbard, of the Phillistine Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, entitled "A Message to Hubbard," which gives the other side of the American employe.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Litchfield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascension to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Talmage's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. One almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making leter S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevadas, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

A Smart Mule.

A friend tells us that he passed the field where Mr. Quince Yount was at work Tuesday and found him plowing with one mule and in another part of the field the other mule was harrowing entirely by himself. It made all the turns and did the work just as nicely as if it had had a driver.—Newton Enterprise.

A DESERVED COMPLIMENT

Paid the Southside Hose Co. by an Association Official.

A high official of the North Carolina State Firemen's Association remarked yesterday that in all his experience with firemen at tournaments, the Southside hose company, of this city, were the best behaved, created less trouble, and were withal the most gentlemanly firemen he had ever seen

The Southsiders and their many friends appreciate the compliment in a high degree. Coming from the source it does, and entirely without solicitation, it is the most appreciable compliment that could have been paid them.

The company is of splendid personnel and Greensboro is proud of them for their appearance and conduct as well as for their running record. It may not be generally known that in making the run for the championship belt in 49 seconds, the Southside reel team lowered the state record 3 4-5 seconds.

A photograph of the reel team in full uniform, with their reel, was taken this afternoon.

A GOOD RECORD.

Read the Following and Draw Your Own Conclusions.

A correspondent writing from this city to the Charlotte Observer under date of yesterday says:

This is the fourth and last day of the gala week. The police force make the somewhat remarkable report that during the festivities of the week not a single arrest has been made for drunkenness or disorderly conduct. We will not attempt to assign the cause of so unusual a record, but will call attention to the fact that Greensboro now has, instead of nine barrooms, one dispensary in which no treating or drinking is allowed, and which closes at sundown. The public can draw its own conclusions.

Dance at M. & M. Club Last Night.

The german was led by Mr. Tom Daniels, of Newbern, Mr. Harry, of this city, and Mr. Meyers.
